shreyashn.dev@gmail.com | +918858190988

TECHNICAL SKILLS

Languages:
Go, Java, Kotlin, TypeScript, JavaScript, SQL

Systems & Backend:
Concurrency, TCP/UDP Socket Programming, Protocol Implementation, mDNS, Microservices Architecture, Event-driven Architecture

Frameworks:
Gin, Jetpack Compose, React Native, Express.js, Next.js, Node.js

Databases & Tools:
PostgreSQL, Redis, MongoDB, MySQL, Git, Postman, Android Studio

WORK EXPERIENCE

FELLOWSHIP May 2026 – July 2026
FOSSEE IIT BOMBAY

- Selected for a technical fellowship focused on eSim, a government-funded open-source EDA tool.
- Will contribute to circuit design and simulation enhancements using integrated FLOSS tools such as KiCad and Ngspice.

SDE Intern Sep 2025 – Nov 2025
ShopCardd-Discount Ka JuGaad

- Built and deployed a **microservices backend using Node.js** and Express.js, ensuring scalability and high availability for the platform.
- Developed a React Native mobile application, integrating backend APIs and optimizing state management for cross-platform performance.
- Implemented Jest unit and integration tests, **reducing post-production issues by approximately 40%.**
- Collaborated with cross-functional teams to deliver production-ready, robust backend and mobile solutions.

PROJECT

OpenAir - P2P File Transfer System
Protected under GPL v3.0 License

- Architected a high-performance P2P file transfer utility in **Go** utilizing a **multi-worker "Greedy Consumer"** pattern to aggregate bandwidth across independent TCP connections.
- Engineered a **160x** throughput multiplier by bypassing per-flow ISP rate limiting, effectively scaling a throttled **2 Mbps link to 330 Mbps** local transfer speeds.
- Implemented zero-configuration network discovery via **mDNS** and parallel chunking with specific file offsets for concurrent stream processing and fault-tolerant reassembly.
- Developed a cross-platform mobile client in Kotlin (Android) to interface with the Go backend for seamless peer discovery and data migration.

CERTIFICATIONS

Cloud Computing - **NPTEL**
JavaScript (Intermideate) - **HackerRank**
Fundamentals of AI and ML - **VITYarthi**

EDUCATION

Sep 2024 - Oct 2028

Bachelor in Technology in Computer Science

Vellore Institute of Technology, Bhopal Campus
